

Get it right the first time with HP Papers.

Own an HP printer? If so, you should know that HP Papers are the only papers engineered to interact scientifically with HP printers, inks and toners, helping them produce their boldest, brightest colors and sharpest, crispest text.

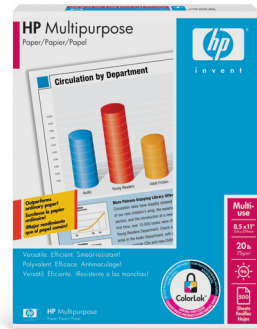

Our multi-use and inkjet papers include ColorLok® Technology. Printed images dry up to three times faster, so they're less likely to smear. Blacks are bolder and colors are much more vivid.

Engineered specifically for HP LaserJet printers, HP LaserJet Papers are extra white, for high-contrast images, and extra smooth, for laser-sharp resolution in everything you print.

Whether you're looking for a paper you can use every day, in every type of equipment, or a presentation-quality paper to wow your most important client, HP Papers help you get it right the first time...without having to reprint.

HP Papers.
Get it right the first time.™
